SIM is grateful to the *Instituto Nacional de Tecnología Industrial (INTI)* for their support in hosting this meeting. Meetings will be held at INTI's campus, with transportation provided by INTI. **Open the following hyperlink to complete your registration:**

<http://sistemas2.inti.gob.ar/web/formulador?formulario&id=117>.

**Please contact Lisa Karam, Deputy TC Chair, (lisa.karam@nist.gov) should you wish to attend the BIPM course. Metrology Working Group members will be given priority (maximum of 30 participants will be accepted).*

Quality System Task Force (QSTF)

The Quality System Task Force supports the region's NMIs and DIs in reviewing and approving quality systems supporting their international CMC claims.

Technical Committee (TC)

The SIM Technical Committee, comprised of the Chairs of SIM's 13 Metrology Working groups, coordinate technical cooperation among the region's NMIs and DIs.

BIPM Training on KCDB 2.0

The Bureau International des Poids et Mesures will host a training on the redesigned KCDB. The redesigned data system incorporates new features such as the internalization of intra-RMO CMC review, among others.
