Royalton, Saint Lucia
November 4th, 2022

Mr. Nicol Best
Technical Officer - Metrology, CROSQ

Agenda

1. CARIMET Strategic Plan 2021-2025
2. Key Strategic Activities
3. Future Plans

SIM GENERAL
ASSEMBLY 2022

Agenda

1. CARIMET Strategic Plan 2021-2025
2. Key Strategic Activities
3. Future Plans

CARIMET Strategic Plan 2021-2025

Background, Vision, Mission and Values

- *Vision – to be a resilient, unified and inclusive metrology network.*
- *Mission – to strengthen and promote an internationally recognized measurement infrastructure in the countries of CARIFORUM to meet the current and future needs of the region.*
- *Values – transparent, inclusive, resilient, respectful and technically competent*

Agenda

1. CARIMET Strategic Plan 2021-2025
2. Key Strategic Activities
3. Future Plans

CARIMET Strategic Plan 2021-2025

Strategic Themes

1. **CARIMET Governance & Operations**
2. **Measurement Traceability, Equivalence and Recognition**
3. **Knowledge Management and Dissemination**
4. **Promotion of CARIMET**
5. **Use of Information Technology (Cross-cutting)**

Agenda

1. CARIMET Operational Plan 2022
2. Key Strategic Activities
3. Future Plans

Key Strategic Activities

- SIM QSTF and SIM MWG meetings/workshops (Digital Transformation, Measurement Uncertainty, Temperature, Legal Metrology)
- CARIMET Committee bi-monthly meetings.
- CROSQ's Bitrix24 Portal (iPortal) used for storage of CARIMET documents and a knowledge repository.
- CARIMET Working groups (Legal Metrology and Quality)
- Development of Caribbean Reference Labs (CaRL)
- Provision of technical assistance to member states.
- Celebration of World Metrology Day and Quality Days.
- Communication plan development.

Agenda

1. CARIMET Operational Plan 2022
2. Key Strategic Activities
3. Future Plans

Future Plans

- To monitor the development of CARIMET NMIs and enhance their capacity to provide internationally recognised services and work more collaboratively.
- To guide and support digital transformation within our CARIMET NMIs
- To establish a Metrology for Meteorology (M4M) Focus Group.
- To collaborate with key organisations to support our regional NMIs and strengthen the regional metrology network.

Agenda

1. CARIMET Operational Plan 2022
2. Key Strategic Activities
3. Future Plans

Future Plans

- To participate and ensure the region is actively represented in SIM Metrology working groups, especially in areas where we have established or are in the process of developing a Caribbean Reference Laboratory (CaRL).
- To organise CARIMET ILCs in areas such as Mass, Volume and Temperature.

Thank You

Mr. Nicol Best
