# What is NCSLI?

NCSL International is a member based, volunteer driven, professional trade organization for the world's measurement science professionals.

## **Mission Statement:**

NCSL International connects and educates all levels of measurement science professionals to promote impactful collaboration and to propel the field of metrology forward.

# 2024 NCSLI/CPEM Workshop & Symposium

The **2024 NCSLI/CPEM Workshop & Symposium** was a major success from the number of attendees to the helpful feedback in our post event survey.

- Over 730 attendees
- Over 60 exhibitors
- Over 50 speakers
- 21 Tutorials
- 5 keynote presentations

# SIM Early Career Metrologist Competition Winners

NCSLI and SIM partnered together to host a competition for early career metrologists to submit an abstract for an opportunity to win. See the 2024 winners below.

- **Aidan Montare, NIST, USA**
  - Evaluating Common-View Time Transfer Using a Low-Cost Dual –Frequency GNSS Receiver
- **Lucia Milagros Marmo, INTI, Argentina**
  - Development of a Secondary CRM for Somatic Cell Counting for Use in Milk Quality Control Laboratories
- **Wilmer Contreras, INMC, Colombia**
  - Application to Discipline the Time Base of the PXI Equipment to the Cesium Atomic Clock Signal Using Python: A Commitment to Digital Transformation at the INM of Colombia
- **Kevin Lemessy, Trinidad and Tobago Bureau of Standards**
  - Automation of Laboratory Measurement Processes at TTBS – Online Gaming Ball Verifications
- **Eyleen Espinosa, CENAMEP**
  - Volume in Glass Instruments: Study of the Normality Using the Monte Carlo Method

## 2025 Technical Exchange

- January 27<sup>th</sup> – 29<sup>th</sup>, 2025 in Huntsville, Alabama
- Registration is now open at **[ncsli.org](https://ncsli.org)**!

## 2025 Workshop & Symposium

- July 18<sup>th</sup> – 24<sup>th</sup>, 2025 in Cleveland, Ohio
- More information to come!
